

# Fingers and Toes

---

Fingers and toes, fingers and toes  
I've got ten of each you know  
Fingers and toes, fingers and toes  
Let's count them now, and here we go  
One, two, three, four, five on my left hand  
One, two three, four, five on my right  
One, two three, four, five on my left foot  
One, two three four, five

Fingers and toes, fingers and toes  
I've got ten of each you know  
Fingers and toes, fingers and toes  
Let's count them now and here we go  
Fingers and toes  
Oh count my fingers and toes  
Fingers and toes
