

## In a cabin in a wood

---

In a cabin in a wood  
Little man by the window stood  
Saw a rabbit hopping by  
Frightened as could be  
Help me! Help me! Help, he said  
Lest the hunter shoot me dead  
Little rabbit, come inside  
Safely to abide

In a cabin in a wood  
Little man by the window stood  
Saw a turkey running by  
Frightened as could be  
Help me! Help me! Help, he said  
Lest the hunter shoot me dead  
Little turkey, come inside  
Safely to abide

In a cabin in a wood  
Little man by the window stood  
Saw a pigeon flying by  
Frightened as could be  
Help me! Help me! Help, he said  
Lest the hunter shoot me dead  
Little pigeon, come inside  
Safely to abide
