

In a cabin in a wood

In a cabin in a wood
Little man by the window stood
Saw a rabbit hopping by
Frightened as could be
Help me! Help me! Help, he said
Lest the hunter shoot me dead
Little rabbit, come inside
Safely to abide

In a cabin in a wood
Little man by the window stood
Saw a turkey running by
Frightened as could be
Help me! Help me! Help, he said
Lest the hunter shoot me dead
Little turkey, come inside
Safely to abide

In a cabin in a wood
Little man by the window stood
Saw a pigeon flying by
Frightened as could be
Help me! Help me! Help, he said
Lest the hunter shoot me dead
Little pigeon, come inside
Safely to abide
