

Little red wagon

Bumpin' up and down in our little red wagon
Bumpin' up and down in our little red wagon
Bumpin' up and down in our little red wagon
Won't you be my friend?

Let's pretend we are super heros
Protecting our friends and everybody we know
Everyone can play come on let's all go
Everyone pretend

We will never go near a stranger
Or cross the street without a parent or teenager
We'll teach younger kids how to stay out of danger
And they will do that too

We'll pick up bottles and cans and plastic
Paper and trash and bands elastic
Cleaning up the town is really fantastic
Won't you help out too?

We'll load up the wagon now everybody's huffin'
We'll sell cookies and juice and muffins
And we'll give the money with those with nothin'
And we will feel good too
