She'll be coming round the mountain

She’ll be comin’ round the mountain when she comes
She’ll be comin’ round the mountain when she comes
She’ll be comin’ round the mountain
Comin’ round the mountain
She’ll be comin’ round the mountain when she comes

She’ll be drivin’ six white horses when she comes
She’ll be drivin’ six white horses when she comes
She’ll be drivin’ six white horses
Drivin’ six white horses
She’ll be drivin’ six white horses when she comes

And we’ll all go out and meet her when she comes
And we’ll all go out and meet her when she comes
And we’ll all go out and meet her
All go out and meet her
And we’ll all go out and meet her when she comes
